Claim Objections

Claims 40, 41, 43, 44, 46 and 49 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should refer to other claims in the alternative only (instant claim 49 refers to dependency upon "one or more" of the preceding claims. See MPEP § 608.01(n). Accordingly, the claims, except where noted below, have not been further treated on the merits.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 40, 41, 43, 44, 46 and 49 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The above claims are indefinite since claim 49, from which all of the other above recited claims depend, state that it's device is intended for the operation of the method of "one or more of preceding claims", however, no other claim precedes this claim, further no other claim recites any method, thereby rendering the scope of the above claims unascertainable.

Allowable Subject Matter

Claims 47 and 48 are allowed at least because these claims recite the subject matter stated to be allowable in the previous office action, mailed 8/13/2007.

Response to Arguments

Applicant's arguments with respect to claims 40, 41, 43, 44, 46 and 49 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
